

Make your own 'Fortran Friends' *Dodecahedral Calendar*

Cut this out to make yourself a dodecahedral calendar for 2002

Cut along solid line; fold along dotted lines.

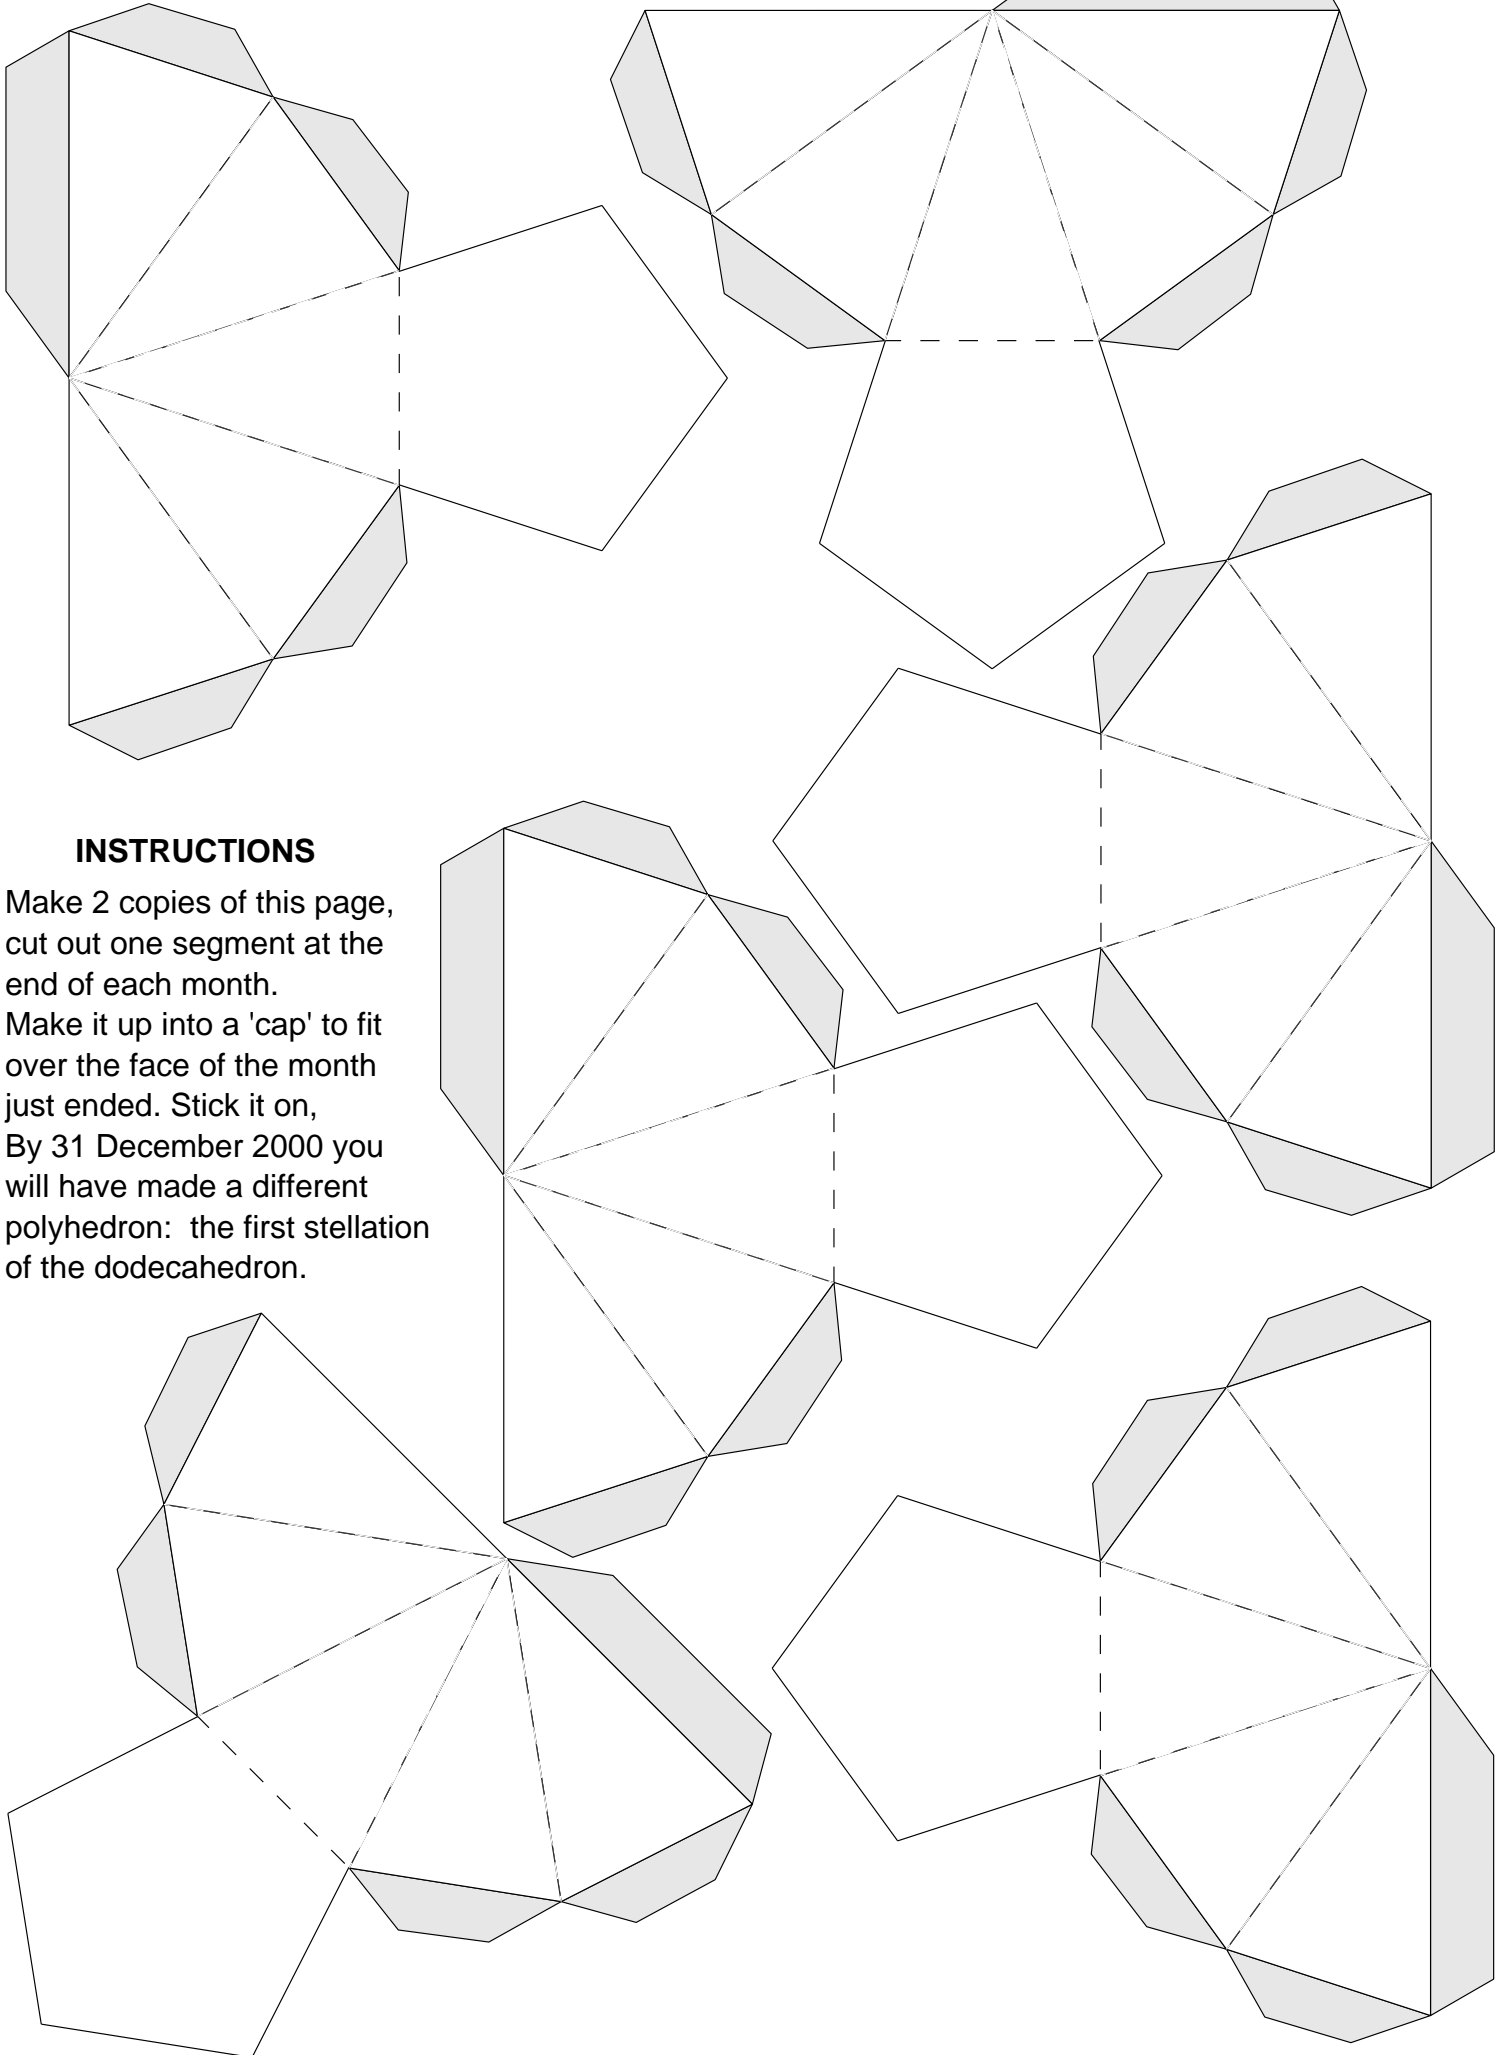

Fortran Friends

PO Box 64, Didcot, OX11 0TH, UK.
email: fortran@argonet.co.uk
www.argonet.co.uk/users/fortran/

Keep this card to remind you where we are.

Stellate the dodecahedral calendar.

INSTRUCTIONS

Make 2 copies of this page, cut out one segment at the end of each month.

Make it up into a 'cap' to fit over the face of the month just ended. Stick it on,

By 31 December 2000 you will have made a different polyhedron: the first stellation of the dodecahedron.
